Supplement to THE CHEMICAL AGE, *July* 9, 1938.

605
v. 38

The Chemical Age

Index to Volume XXXVIII January—June, 1938

A

Acid Resisting Cements and Mortars, 324
Adsorption by Synthetic Resins, 319
Agriculture, Iodine in, 464
Alcohol from Sisal Hemp, 498
Algae and Slime Formations, Control of, 366
Aliphatic Diazo Compounds, 140
Alkali Ferrocyanides, 62
Allegations Against Gas Undertaking, 387
American Chemicals and Equipment, 46
Anti-Knock Petrol, New, 49
Antimony, New Source of Refined, 84
Artificial Leather Manufacture, 28
Asphalts, Durability of, 325

AUTHORS—

Bar, Dr. P. J., Maintenance of Evaporators, Crystallisers and Dryers, 125; Barron, Harry, A Review of Production and Technical Progress in the Plastics Industry, 7; Benn, John, A Year of Progress in the Special Areas, 9; Brookes, A., A New Type Red Lead, 402; Burrell, Harry, Organolites: Organic Base-Exchange Materials, 247; Bush, H. J., Some Applications of Electrical Precipitation to Industrial Effluent Gases, 181

"Consultant," Maintenance and Chemical Plant Efficiency, 119; Metallurgical Laboratory and its Equipment, 345

Donnan, Professor F. G., Chemistry: Retrospect and Prospect, 321

Eisner, A., and Fisher, C. H., Determining Olefines and Aromatics in Hydrocarbon Oils, 261; Esdaile, R. M., Industrial Lacquer Solvents, 499

Fisher, C. H., and Eisner, A., Determining Olefines and Aromatics in Hydrocarbon Oils, 261

Garner, T. L., Black Pigments in the Rubber Industry, 61; Chemical Developments in the Rubber Industry, 3; The Function of Fillers in Rubber Compounding, 383; Vulcanising Agents for Rubber, 241

Harmon, R. R., Removal of Suspended Matter from Industrial Gases, 385; Hearson, Charles, Planning a Chemical Laboratory, 344; Holburn, W., The Identification of Naphthalenoid Intermediates, 279

Knight, Henry G., Accomplishments at the Soybean Laboratory, 457

Liddle, J. C., Solvent Recovery Plants, 501

Melville, H. W., The Mechanism of Gaseous Chemical Reactions, 221; Morse, J. F., The Special Equipment of the Food Laboratory, 339

Parrish, P., The Manufacture of Chemical Lead, 483; Peck, William C., Economic Up-keep of Filtration Plant and Filtering Media, 127

Randall, W. J., Starting Young Workers Safely in Industry, 187; Ranshaw, G. S., Corrosion of Iron by Viscose, 409; Materials Used in Modern Bleaching and Finishing, 81; Technical Aspects of Some Modern Textile Effects, 29

Tippell, Thomas L., The Refractometer and the Spectroscope in the Laboratory, 347

Authors—*continued*

Wakelin, J., Notes on Some Organic Compounds of Sulphur, 421; Wood, Heron, Hydrosulphites and Hydrosulphite-Formaldehydes in Dyeing and Printing, 85; Wright, A. G., Cements and Putties for Chemical Works' Use, 317; Some Applications of Lead in Chemical Engineering, 481; Tanks, Pipes, Pumps and Valves: Some Aspects of Maintenance, 121

B

Balances, Developments in, 346
Bead Carbon, Production of, 403
Benn, Sir Ernest, Receives Publicity Club Cup, 477
Benn Bros., Ltd., New Director of, 226
Bentonite, A Highly-Adsorptive, 301
Benzoic Acid as Preservative, 352
Black Pigments in the Rubber Industry, T. L. Garner, 61
Bleaching and Dyeing, 30
Bleaching of Lac, 367
Blending Viscous Liquids, 388
Blue Riband of Advertising, 388
Bone, Professor W. A., Death of, 479
Books Received:—
40, 95, 111, 158, 215, 232, 254, 296, 336, 355, 398, 489, 511

BOOK REVIEWS—

Analytical Chemistry (German, F. P. Treadwell, Trans., William T. Hall), Vol. I, 50

Brief Introduction to the Use of Beilstein's Handbuch Der Organische Chemie (Ernest Hamlin Huntress), 326

Calculations in Quantitative Chemical Analysis (John A. Wilkinson), 326; Catalysis: From the Standpoint of Chemical Kinetics (Georg-Maria Schwab), 227; Ceramists' Yearbook, 1938, 246; Chemical Analysis of Metals and Alloys (Edwin Gregory and Walter W. Stevenson), 246; Chemistry of Synthetic Surface Coatings (Dr. Wm. Krumbhaar), 227; Chemistry and Technology of Rubber Latex (C. Falconer Flint), 480; Colorimetric Methods of Analysis, Vol. II (F. D. and C. T. Snell), 246; Combustion, Flames and Explosions of Gases (Bernard Lewis and Guenther Von Elbe), 480

Dictionary of Organic Compounds, Vol. III (Edited by I. M. Heilbron and H. M. Bunbury; assisted by W. E. Jones), 128; Diffusion and Chemical Reactions in the Solid Phase (Dr. Wilhelm Jost), 246; Drugs and Galenicals: Their Quantitative Analysis (D.C. Garratt), 68

Ebulliometry: The Physical Chemistry of Distillation (Wojciech Swietoslawski), 68

Fine Structure of Matter: Vol. II, Part II: Molecular Polarisation. Vol. II, Part III: The Quantum Theory and Line Spectra (C. H. Douglas Clark), 480

High Temperature Welding Flames (D. Seferian), 50

Intermediate Readings in Chemical and Technical German (Edited by John Theodore Fotos and R. Norris Shreve),326; Introduction to Laboratory Technique (A. J. Ansley), 308

Book Reviews—*continued*

Kelly's Directory of Merchants, Manufacturers and Shippers of the World, 1938, 2 Vols., 467

Lubricating Greases: Their Manufacture and Use (E. N. Klengard), 128

Methods of Quantitative Chemical Analysis (M. G. Mellon), 68; Modern Rubber Chemistry (Harry Barron), 50

On Guard Against Gas (H. A. Sisson)' 403; Organic Reagents for Metals and for Certain Acid Radicals (The Staff of Hopkin and Williams, Ltd.), 308; Outlines of Methods of Chemical Analysis (G. E. F. Lundell and James Irvin Hoffman), 308; Outlines of Theoretical Chemistry (Frederick H. Getman), 227

Physical Chemistry (J. N. Brönsted; Trans., R. P. Bell), 227; Principles of Motor Fuel Preparation and Application (A. W. Nash and D. A. Howes), 480; Principles and Practice of Lubrication (Alfred W. Nash and A. R. Bowen), 50

Qualitative Inorganic Analysis (A. J. Berry), 326

Semi-Micro Qualitative Analysis (Paul Arthur and Otto M. Smith), 326; Solvents (Thos. H. Durrans), 308; Sprechsaal-Kalender, 1938 (Ed., Dr. J. Koerner), 227; Supplement to the Periodical of the Association of German Engineers, No. 5, 246

Text-book of Qualitative Chemical Analysis (A. I. Vogel), 227

Boots Pure Drug Co., Ltd., 502
Boys' Hostel, 442
Breach of Contract, Alleged, 384
British Association of Chemists, The, 5, 204, 266, 366
British Association Meeting, 48, 464
British Chemical and Dyestuffs Traders' Association, Annual Meeting, 389
British Chemical Manufacturers, Association of, 6
British Chemical Plant Manufacturers' Association, 390
British Drug Houses, Ltd., 352
British Industries Fair, 48, 145, 165
British Overseas Chemical Trade in December, 70; January, 150; March, 328; April, 408; May, 506
"British Trade Journal," 149
Bromine Output in the United States, 388
Budenheim Process, An Outline of the, 447
Butter, Diacetyl Content of, 224

C

Calcium Chloride, Drying Air With, 428
Canada, The Production of Radium in, 428
Canada, Toilet Preparations in, 120
Carbide Manufacture, 325
Cements and Putties for Chemical Works' Use, A. G. Wright, 317
Centenaries for 1938, Some Chemical, 13
Ceramic, Unglazed, Impervious, 350
Chemical Developments in the Rubber Industry, T. L. Garner, 3
Chemical Dinner, Annual North-East Coast, 343
Chemical Engineering Group, 365
Chemical Laboratory, Planning a, Charles Hearson, 344

CHEMICAL NOTES FROM FOREIGN SOURCES—

Austria, 52, 210, 270
Belgium, 71, 310, 429
China, 152, 270
Czechoslovakia, 16, 130, 231, 270, 373
